

**INSTRUCTIONS TO APPLY
FOR PREAUTHORIZATION OF A CERCLA RESPONSE CLAIM**

This form is to allow parties to apply for EPA preauthorization of a claim against the Hazardous Substances Superfund (Fund) as authorized by sections 111(a)(2) and 112 of the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (CERCLA). EPA preauthorization is required before a party can begin response work if that party desires Fund reimbursement of his/her response costs. The regulatory procedures for obtaining preauthorization from EPA are found at 40 CFR Part 307. The public reporting burden for the completion of this form is estimated to vary between 186 and 330 hours – averaging 258 hours per application. These estimates include the time needed to review instructions, search existing data services, gather and maintain the data needed for completing and reviewing the collection of information. Any comments concerning the burden estimate (including suggestions for reducing the burden) or any other aspect of this form should be sent to the following addresses:

Chief, Information Policy Branch, PM-223 U.S. Environmental Protection Agency 401 M Street, S.W. Washington, D.C. 20460	and	Office of Information and Regulatory Affairs Office of Management and Budget 726 Jackson Place, N.W. Washington, D.C. 20503 Attention: Desk Officer for EPA
--	-----	---

The applicant bears the burden for demonstrating that scarce Fund resources should be utilized for this project. Consequently, all preauthorization applications should be factually thorough, well-documented and based on sound analysis. Due to the complexity of the issues involved, it is in the applicants' best interest to organize the submission so that it can be easily read by EPA officials.

In many cases, the spaces provided on this form will be insufficient for a full presentation of the information solicited. In such circumstances, the applicant shall attach typewritten sheets and provide clear cross-references between the items on this form and the attachments.

A number of items will also require that the applicants provide appendices. In these appendices, the applicants shall supply sufficient documentation to support the statements presented in the form. Since it would be impractical and undesirable to include all supporting data, the appendices should usually consist of detailed summaries of the primary data. However, the original documents should be identified, catalogued and available for presentation, if requested. As with the attachments, the applicant shall provide clear cross-references between this form and the appendices.

Applicants should consult 40 CFR section 307.22(g) to assert any claims of business confidentiality.

When completed this form should be sent to: U.S. Environmental Protection Agency
401 M Street, S.W.
Washington, D.C. 20460
Attention: Director, Office of Emergency and Remedial Response (OS-220)

The sections below provide instructions for particular items on the claim form.

- I. A. Provide the name, title and address of the person(s) submitting this application. If the claim is submitted by a group of persons who have created a legal entity to act as claimant, information should be provided concerning the identity and location of both the entity and the constituent parties.
- B. Self-explanatory.
- C. Check all that apply.
- D. "Agent" refers to any duly authorized agent, executor, administrator, or other legal representative of the applicant. If this preauthorization application is submitted by such an agent, he/she must present evidence of authority to so represent the applicant. (See 40 CFR Section 307.20).
- II. A-C. Self-explanatory.
- D. This description must include the following information: the type of vessel and facility; the type and quantity of hazardous substance (including whether the substance is listed under CERCLA section 102); and a description of the surrounding population and/or environmental risk.
- E. Self-explanatory.
- III. A. Check whether you are a person who EPA previously identified as a potentially responsible party (PRP).
- B. Check whether you have reason to believe, without regard to whether a defense under Section 107(b) may be available, that you may be a person described as follows:
 - 1) the owner or operator of a vessel or facility,
 - 2) any person who at the time of disposal of any hazardous substance owned or operated any facility at which such hazardous substances were disposed of,
 - 3) any person who by contract, agreement, or otherwise arranged for disposal or treatment, or arranged with a transporter for transport for disposal or treatment, of hazardous substances owned or possessed by such person, by any other party or entity, at any facility or incineration vessel owned or operated by another party or entity and containing such hazardous substance, or
 - 4) any person who accepts or accepted any hazardous substances for transport to disposal or treatment facilities, incineration vessels, or sites selected by such person, from which there is a release, or a threatened release of a hazardous substance, which causes the incurrence of response costs.
- C. If you checked YES for item A or B and NO for this item, explain why this application is not to be approved in the context of a consent order or decree. Describe the status of any settlement negotiations.
- D. List all PRPs known to you. Describe any contacts with PRPs and any reply from such parties. If PRPs are unknown, describe efforts to locate PRPs.
- IV. A. Self-explanatory.
- B. Describe the response action(s) that is the subject of this request (e.g., removal, R/FS, selection of remedy, design, construction), and methods proposed for carrying out such actions, including site sampling plan and quality assurance procedures. Address the requirements contained in 40 CFR 307.22.
- C. Worker/community health and safety plan. The worker plan must comply with OSHA Safety and Health standards at 29 CFR Part 1910.120. The community plan must address the protection of area residents from the physical, chemical and/or biological hazards particular to the site and the selected response.
Community Relations Plan. The applicant need not develop a plan if the response action is of short duration or a community relations plan already exists for the site at issue.
ARARs. See 40 CFR Sections 300.400(g), 300.430(f)(3)(iv).
- V. Include a discussion of financial and technical/scientific capabilities.
- VI. If a letter of cooperation signed by the designated State or Indian Tribe is not attached to an application to undertake a remedial action, explain efforts made by the applicant to obtain such cooperation.
- VII. Self-explanatory.
- VIII. A. The figures provided on the form should be the overall cost for a particular type of response activity (e.g., removal, R/FS, design). Documentation should be attached to support each cost figure. In addition, the applicant must explain why each of the proposed costs is "necessary." "Necessary" costs are those which are 1) required, 2) reasonable, 3) allowable and 4) allocable according to Federal cost principles. Federal cost principles are presented in the following documents: OMB Circular A-87 (State and local government and Federally recognized Indian Tribes); OMB Circular A-122 (non-profit organizations); 48 CFR sections 31.1, 31.2 (profit-making organizations).
- B. A proposed schedule for the submission of claims should be provided. Applicants are encouraged to propose reimbursement based upon cash-flow considerations. The goal of an applicant should be to balance major capital expenditures and the completion of discussed tasks against the number and frequency of claims.
- IX. Self-explanatory.
