

Item 5	Information about the management structure should include names and titles. Organizational charts should be attached. Staffing plans should indicate authorized and on-board levels as of a stated date.
Item 6	The description should address the factors the Director may consider when determining whether the proposed new activity is in the public interest. These factors include: (1) the degree to which the proposed new activity might reasonably be expected to advance any of the four charter purposes of Fannie Mae or Freddie Mac; (2) the degree to which the activity serves underserved markets as set forth at 12 USC 4565; (3) the degree to which the activity is being supplied or could be supplied by non-government-sponsored-enterprise firms; (4) other alternatives for providing the service to the market; (5) the degree to which the new activity promotes competition in the marketplace or, to the contrary, would result in less competition and greater concentration of economic activity or risk; (6) the degree to which Enterprise provision of the service overcomes natural market barriers or inefficiencies; (7) the degree to which Enterprise provision of the activity might raise or mitigate systemic risks to mortgage and financial markets; (8) the degree to which the activity furthers fair housing; and (9) such other factor determined appropriate by FHFA.
Item 8	This includes applications for patents, and requires copies of correspondence FROM the Enterprise TO other regulators or foreign governments. "Foreign governments" includes agencies and regulatory bodies of foreign governments.
Item 15	The description should indicate whether and the extent to which the proposed new activity increases or decreases risk for each risk component (credit, market, model, governance (including reputation), and operational risk).

The instructions provided here and the information required by the FHFA Notice of New Activity Form may be modified by FHFA from time to time, and written notice will be provided in advance to the Enterprises of any such modification.
