Your starting interest rate will be between

7.375% and **17.375%**

After the starting rate is set, your rate will then vary with the market

Your Starting Interest Rate (upon approval)

The starting interest rate you pay will be determined after you apply. It will be based upon your credit history and other factors (co-signer credit, school type, etc). If approved, we will notify you of the rate you qualify for within the stated range.

Your Interest Rate during the life of the loan

Your rate is variable. This means that your rate could move lower or higher than the rates on this form. The variable rate is based upon the LIBOR Rate (as published in the *Wall Street Journal*). For more information on this rate, see the reference notes.

Although the rate will vary after you are approved, it will **never exceed 25%** (the maximum allowable for this loan).

The total amount you will pay for this loan will vary depending upon when you start to repay it. This example provides estimates based upon three (3) different repayment options available to you while enrolled in school.

Repayment Option (while enrolled in school)	Amount Provided (amount provided directly to you or your school)	Interest Rate (highest possible starting rate)	Loan Term (how long you have to pay off the loan)	Total Paid over 20 years (includes associated fees)
1. DEFER PAYMENTS Make no payments while enrolled in school. Interest will be charged and added to your loan	\$10,000	17.375%	20 years starting after the deferment period	\$81,084
2. PAY ONLY THE INTEREST Make interest payments but defer payments on the principal amount while enrolled in school.	\$10,000	17.375%	20 years starting after the deferment period	\$50,707
3. MAKE FULL PAYMENTS Pay both the principal and interest amounts while enrolled in school.	\$10,000	17.375%	20 years starting after your first payment	\$38,180

About this example

The repayment example assumes that you remain in school for 4 years and have a 6 month grace period before beginning repayment. It is based on the highest starting rate currently charged and associated fees. For loan amounts up to \$20,000, repayment will last 20 years, starting once the initial principal payment is made. For loan amounts more than \$20,000 repayment will last 30 years, starting once the initial principal payment is made.
