Figure 1 to paragraph (d): Step-wise approach to classify and assign packing group of corrosive mixtures

- Test data available on the mixture as a whole:
  - Yes: Apply criteria in §173.137 introductory paragraph and (a)-(c) → Classify and assign packing group
  - No:
    - Sufficient data available on similar mixtures to estimate skin corrosion hazards:
      - Yes: Apply bridging principles in §173.137(d)(1) → Classify and assign packing group
      - No:
        - Available skin corrosion data for all ingredients:
          - Yes: Apply calculation method in §173.137(d)(2) → Classify and assign packing group
          - No: MUST perform testing and apply criteria as required by §173.137 introductory paragraph and (a)–(c) → Classify and assign packing group
